

?? October 1967

Lakehead Amateur Radio Club

The October meeting of the Lakehead Amateur Radio Club was held in the Civil Defence Building on Waterloo Street with the meeting getting underway at 8:15 pm and with 18 members and friends present.

Following a general roll call, the minutes of the last meeting were read and accepted.

Two members of the Lakehead Sports Club were in attendance at this meeting in connection with a forthcoming 600 mile car rally. The Lakehead Amateur Radio Club has been asked to provide communications from a strategic check point into town. After much discussion, a crew has been laid on, and is comprised of Bill Klemacki - VE3EEW, Steve Bush - VE3EBS, Bill Roberts - VE3ARN; and Doc Tarnow - VE3FSE plus any other interested persons.

A suggestion of a possible auction was raised by Reg Corbett. This was deferred for another time.

Search and Rescue crests were brought to the meeting by Doc Tarnow - VE3FSE for distribution only to those members who are actually taking an active part in the Search and Rescue work.

This completed the business portion of the meeting, and the members QSY'ed to the Lakehead Videon Antenna Site for a tour of the premises. Although it was too dark to see the antennas the equipment inside the building certainly captured the interest of every amateur. This was certainly a most interesting and enjoyable visit. Following this, down at the Prince Arthur Hotel, coffee and stuff was laid on for us with Videon picking up the tab.

Hand written addition: Wolfe Boggs - VE3EFV looking after Miles for Million communication on 27 October 1967. He is to make his own arrangements.

Signed:

Robert Browning - VE3EEM
Secretary Treasurer
